INTERACTIVE CLASSES FOR EARLY CHILDHOOD

Classes are highly interactive programs that are conducted by two professional actor-educators directly in the classroom. Classes deliver clear educational messages while students participate in discussions, theatre games, and role-plays.

## Fun and Learning

CLIMB Theatre's preschool classes are fun and engaging. Spark children's imaginations and sense of creative play as they learn to share, listen, develop empathy, and more.

## What They're Saying

*"CLIMB was terrific! I have never seen my children so attentive for that length of time and the lesson they learned stuck with them. We kept referring back to it throughout the day."*

—M. Welch, Head Start Teacher
