

CLIMB THEATRE PRESENTS

ABBY'S EMPATHY PROJECT

AN EMPATHY PLAY FOR 3-6

Plays are large group assemblies that feature colorful sets, costumes, and characters. Engaging and entertaining, plays offer students a chance to experience live theatre AND master important positive behavior skills.

About Abby's Empathy Project

Abby has a school assignment to do a project on Empathy with her project partner and friend, Chris. In the beginning, Abby is not necessarily an empathetic person. This may be why her teacher chose this topic for her. Younger brother Isaiah is underfoot. Will Abby be able to change?
